ADMINISTRATION AND STAFF

Dr. See
Superintendent

Young men and women in our educational institutions in the emerging decade of the '70's are exhibiting a commitment to the betterment of mankind. Today, as never before, responsible young people are involved in the complex problems of our society and are concerned with the dignity of man.

Unfortunately, many young people in the educational setting lack goal directed and purposeful approaches to the social problems prevalent in our country. It is a tribute to the students at Penta, and the millions like them throughout the country, that they are able to offer refreshing, practical approaches to the problems facing us without losing sight of the dignity of work or compromising their commitments to their fellow man.

This, indeed, is the finest tribute that can be given to our Penta students, and I am proud to be given the opportunity of adding my compliments to them.

Intern Director

1969-70 has been a banner year for Penta County Vocational School due in no little part to the support and activity of the student body. Students played an important role in securing the support of the voters for the passage of the tax levy in November. They have participated in club and social activities in such a way as to enhance the image of Penta County in our school community. We are confident that as Penta students pursue their vocations following graduation they will commit themselves in such a way as to prove the worth of their training at Penta County.

We are most appreciative of the efforts of the members of the student body and their advisor in the preparation of the yearbook. The Artisan provides a valuable and useful record of students and events for future reference.

Student Council

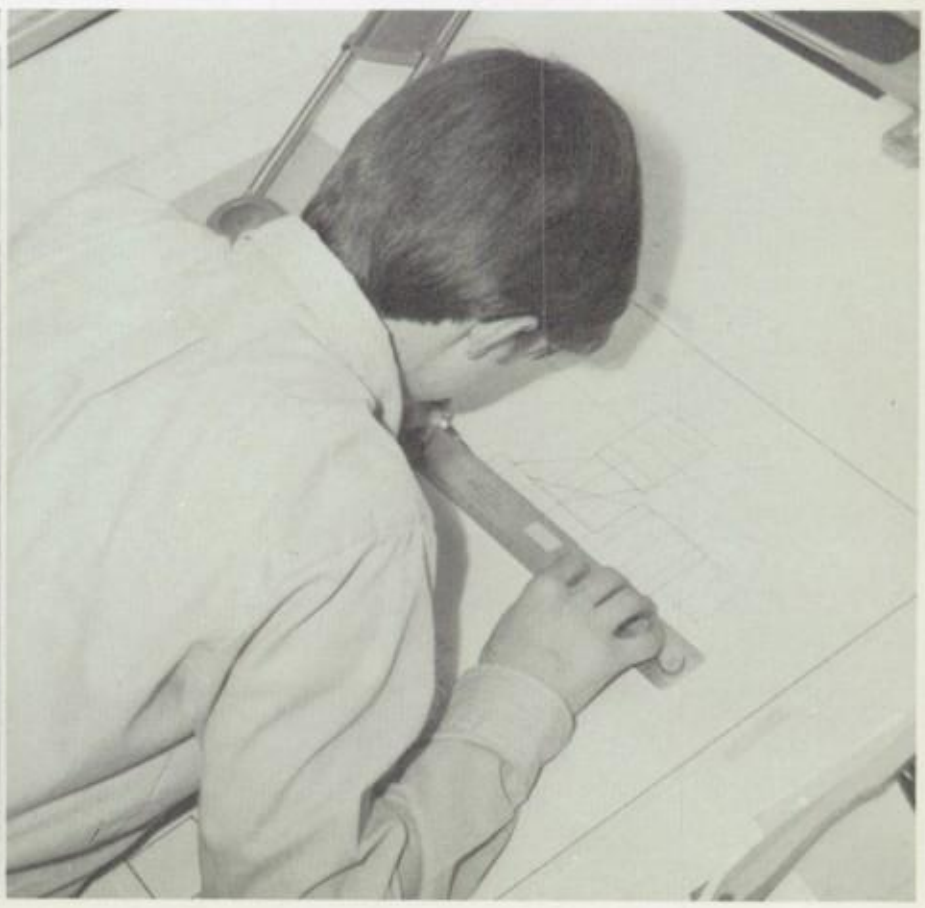
The Penta Student Council consists of a representative from each vocational class. The council is a member of the Toledo Area Student Council.

In addition to participating in the regular activities of the Toledo Area Council, the Penta Student Council sponsors at least one school-wide assembly each year and grants a scholarship to a Penta senior. A new activity this year was the Christmas Fantasy Ball sponsored by the Student Council.

Student Council "Reps" work with children, are draftsmen, agriculturalists, compute data and stand around in corners.



Penta Star Staff

Advisor, MRS. BIBER

The Penta Star, Penta County Vocation High School newspaper, is written by a number of volunteer students. The senior Commercial Art class is responsible for the photography as well as the art work which appears in the paper. The finished product is the result of the work by the senior Graphic Communications class.

These three groups work together to provide Penta students with the current news of both Penta County Vocational High School and the fourteen home schools.

VICA
Vocational Industrial Clubs of America

VICA is a youth organization which has been designed to serve those students who are enrolled in full-time Trade and Industrial Education Programs. VICA at Penta-County is one of the largest in Ohio with over 350 members. This membership is comprised of students from all of Penta's fourteen home school districts.

The purposes of VICA are many-fold and yet are very basic with the continued aim at developing patriotism through the practice of democracy and a deep respect for the dignity of work. Our motto is "Preparing For Leadership In the World of Work."

VICA activities follow the 1969-70 theme—"Speak Up For America." The three Penta Clubs, Junior, OWE and Senior, take part in civic, social, educational and professional activities.

DECA, Distributive Education Clubs of America, is a program of youth activity relating to Distributive Education. DECA is designed to develop future leaders for Marketing and Distribution. This year's activities began with both DECA chapters attending the regional Conference at BGSU. Also, the DECA chapters at Penta were well represented at the District contest held at Start High School in January. Those students who placed went on to the State contests held in Columbus at the end of February.

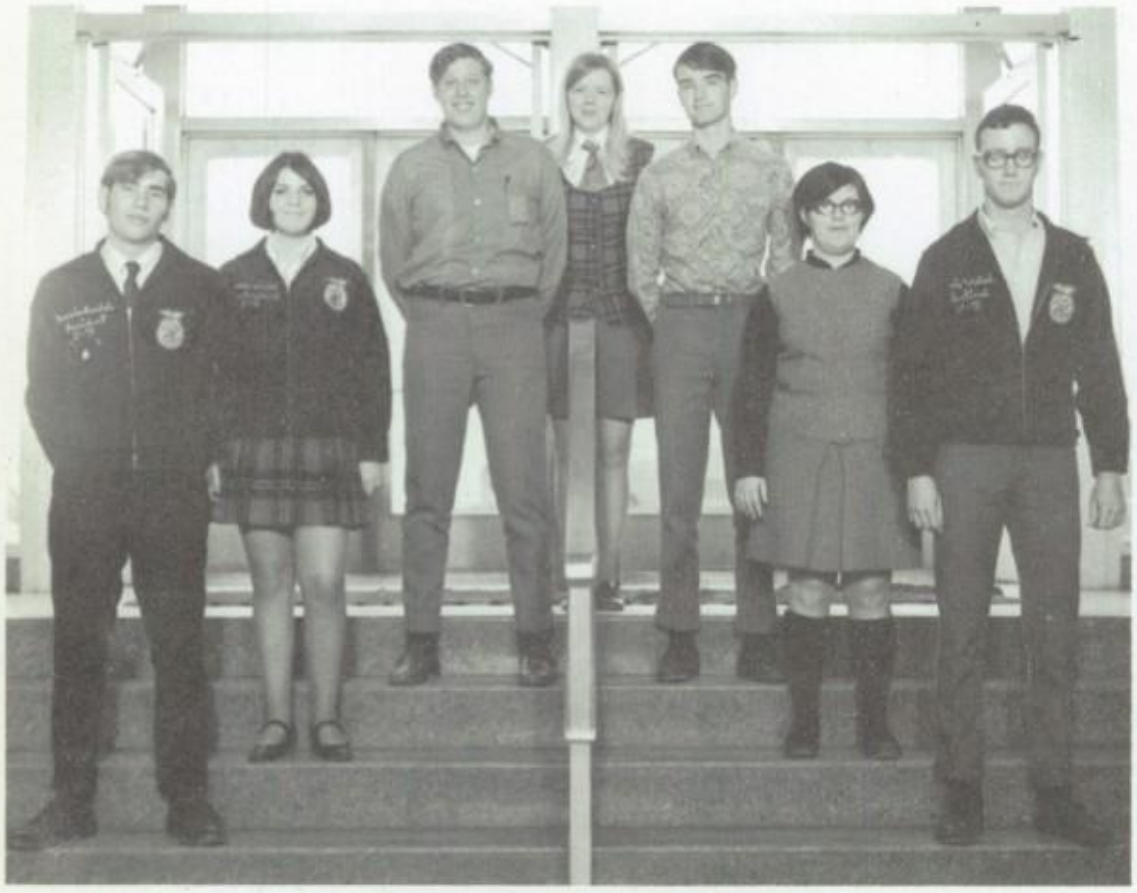
Fruitcakes were sold by both chapters as a fund raising activity. DECA I soundly defeated DECA II in sales . . . and the winning chapter received a free shoe shine from the losers. Throughout the year both chapters went on numerous field trips of interest and several times guest speakers were brought into the classroom. Rounding out the year the DECA chapters held their annual employee-employer banquet. This is our way of saying thanks to our employers during the last nine months while we were in DE.

Future Farmers of America-Horticulture Club



OFFICERS

President	Dennis Buchele
Vice-President	Brooke Smith
Secretary	Louise Pixley
Treasurer	Lynne Burkett
Reporter	Rick Jacobs
Sentinel	Dennis Walsh
Student Advisor	Barbara Malone
Advisors	Mr. Tsukushi, Mr. Lucal

The Future Farmers of America is a national organization. The Penta County Chapter Horticulture Club was founded to develop leadership, cooperation, and citizenship among its members. The Club is active throughout the year with recreational activities, such as hayrides, dances and parties. We also strive to serve the school and community.

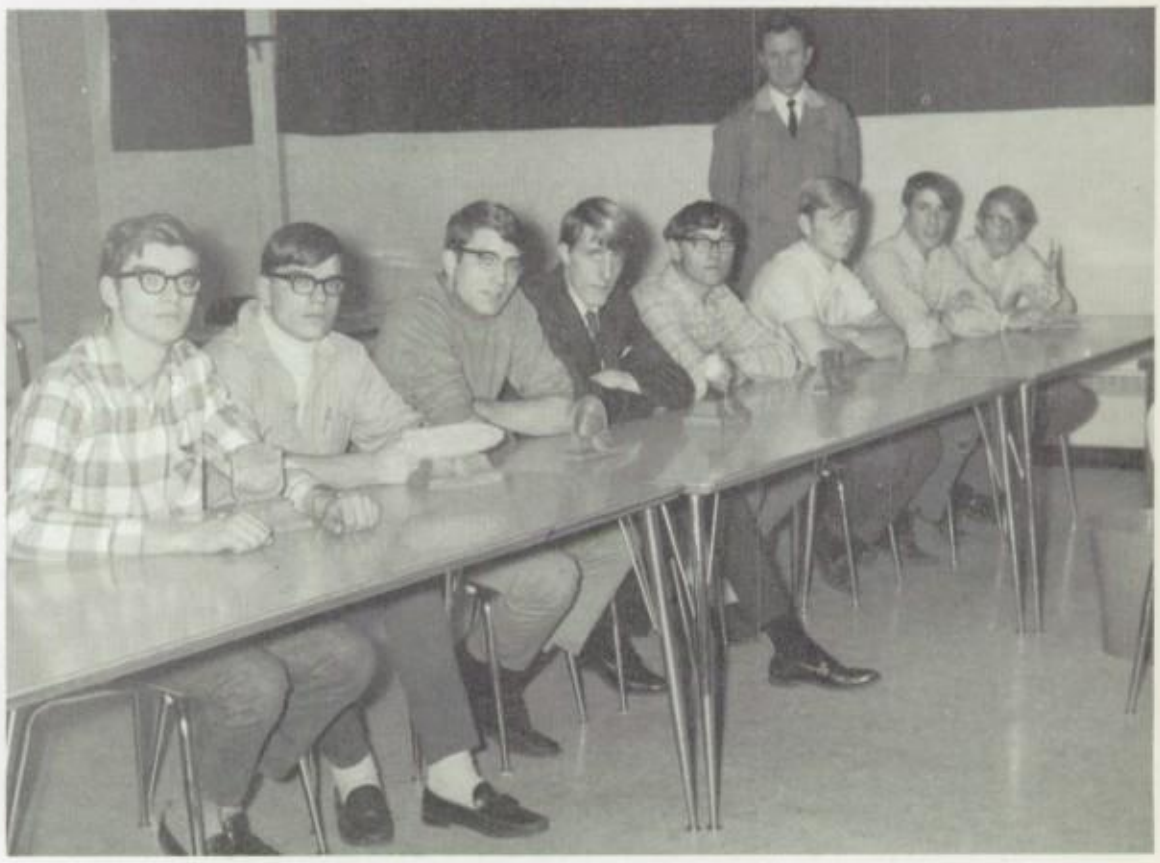
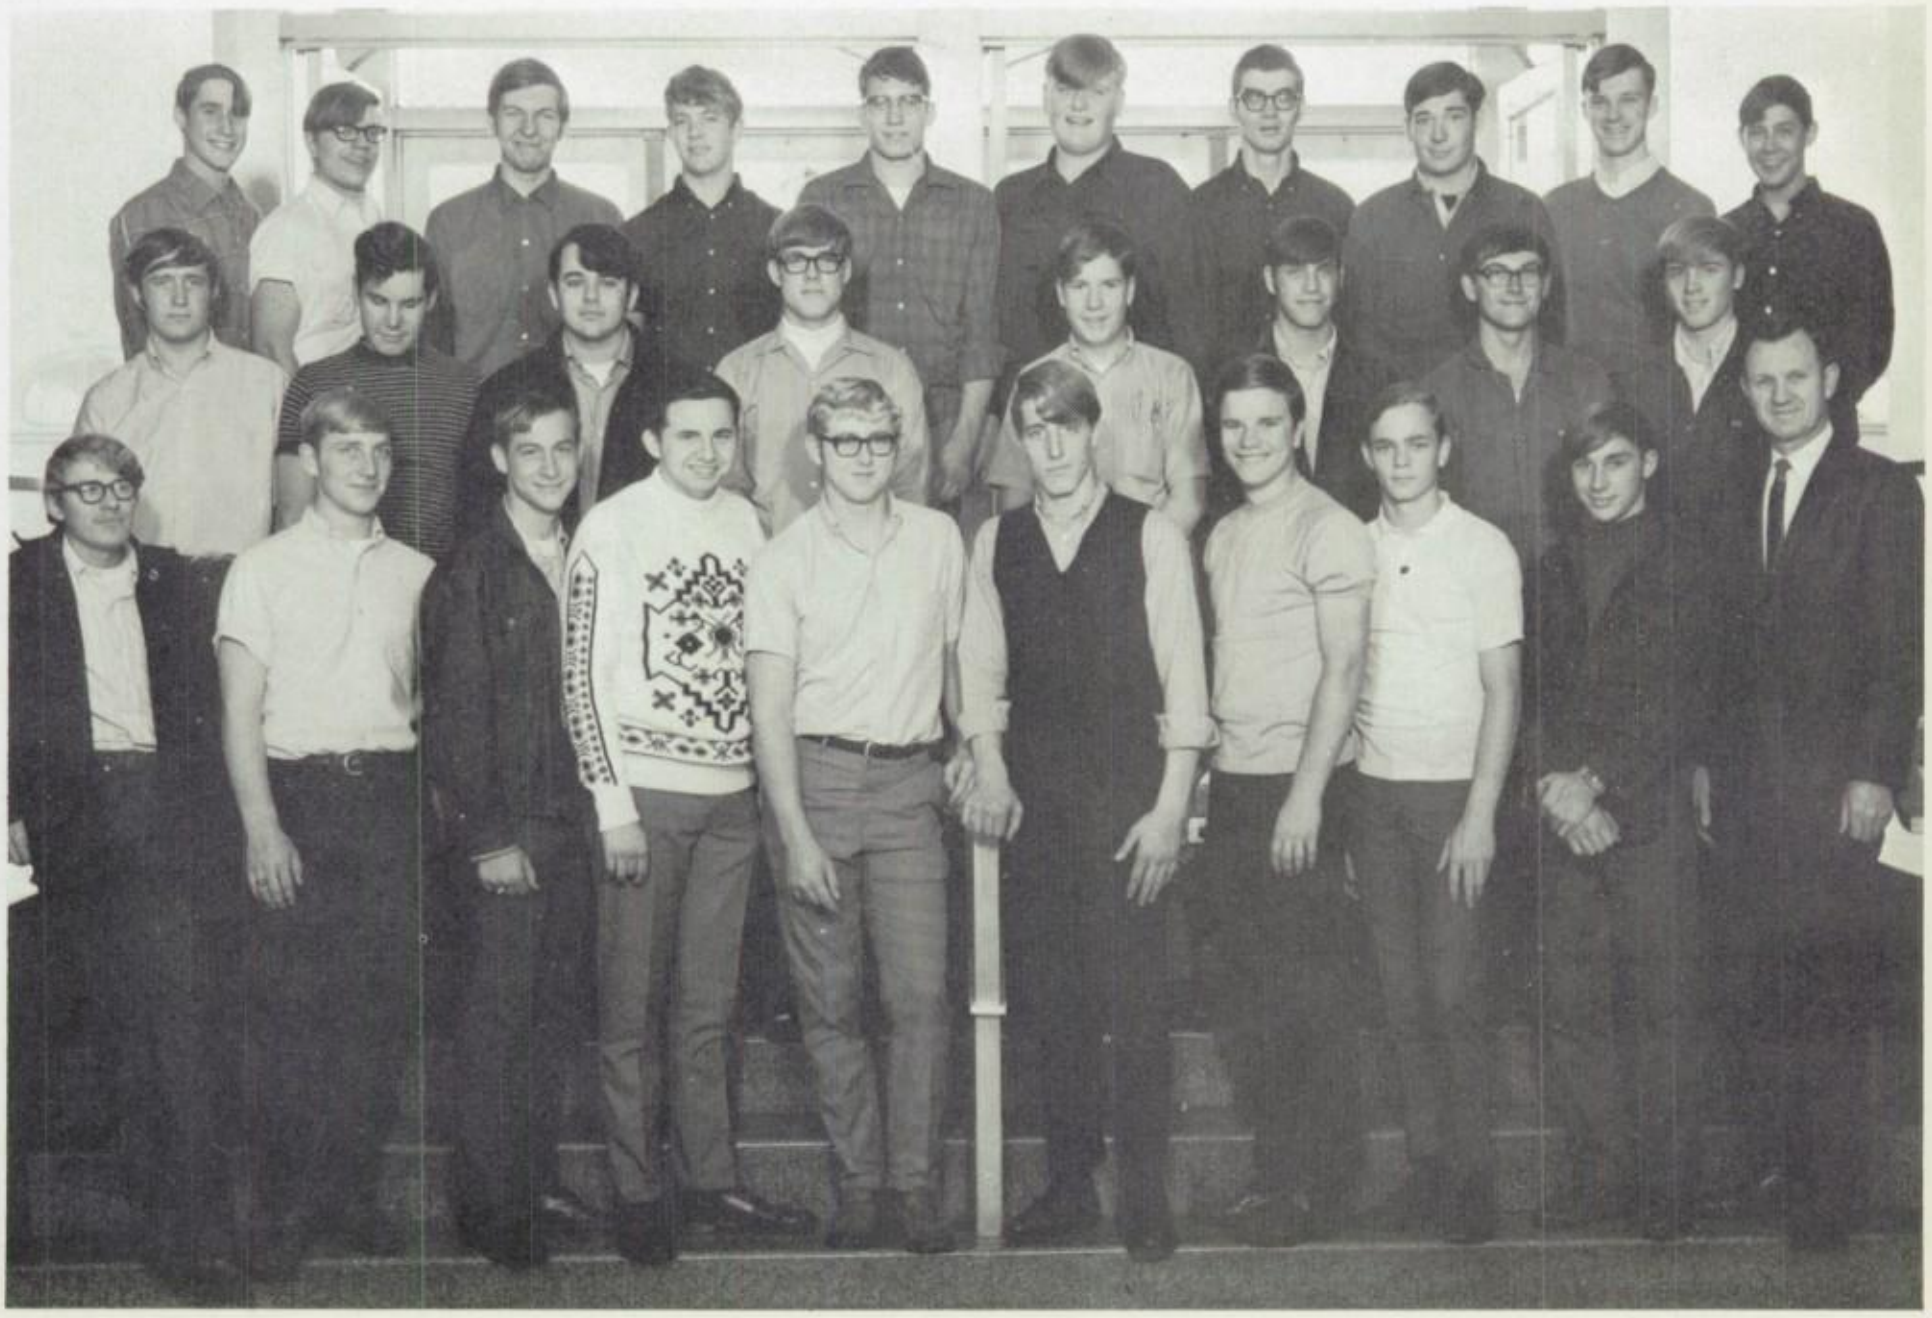
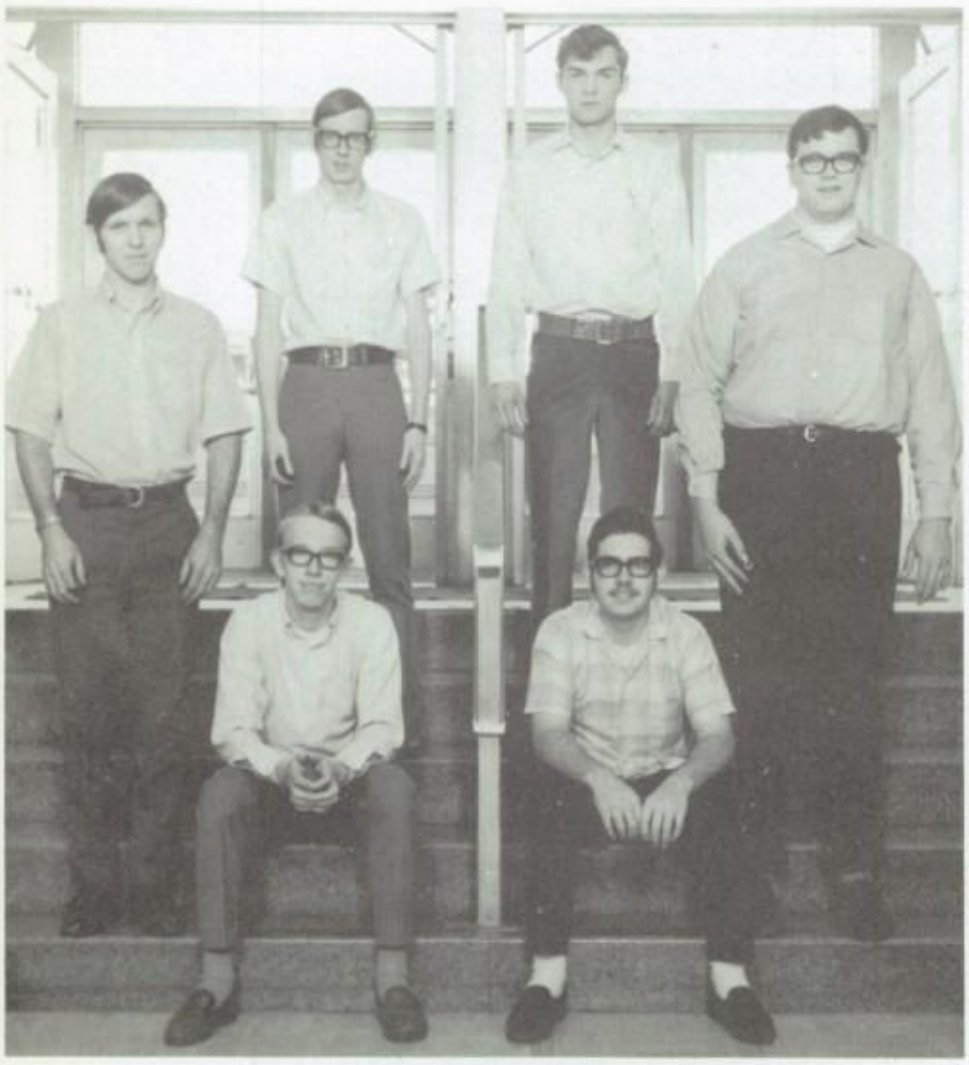
Vice-President	Gene Draper
Secretary	Jerry Juergens
Treasurer	Gary Gregg
Reporter	Mike Milbrodt
Sentinel	Otto Greifelt
Chaplain	Bart Mann
Student Advisor	Ernie Goldsmith
Advisors	Mr. Hoffman, Mr. Wendt

Our Club is an integral part of the program in Industrial and Agricultural Equipment. It also provides opportunity for students to participate in local, state and national contests and awards. This year the Club won the County Parliamentary Procedure Contest. We will be taking part in the Tractor Trouble Shooting Contest and hope to place first.





Amateur Radio Club



OFFICERS

President	Chris Burkett
Secretary	Don Culbertson
Treasurer	Dick Lahey
Parliamentarian	Tim Labram
Reporter	Warren Hughes
Sergeant-at-arms	Mike Jones
Advisors	Mr.Neavin
	Mr. Stalets

This club was established to help obtain a license and to form a station at Penta, also to further the interest in the education of our club and in electronics and fellowship of the school. We strive to push the advancement of communications and amateur radio.

The Cooperative Home Economics Club formed three years ago in the interest of all members of the department. The Home Economics Department consists of three groups, that of Child Care, Dietary Aide and Community and Home Service. It's purpose is to get all three groups together at least once a month in order to form closer ties and better relationships. The Club provides an opportunity for leadership, workmanship and character development through social and service endeavors.

Penta-County Vocational Office Education Association

According to Business Education State Department regulations, each class in the business area makes up a Club as part of the laboratory instruction. We have five areas of instruction with eleven classes, therefore we have eleven Clubs. These Clubs have joined together and formed a Chapter of the Ohio Office Education Association. The Chapter is controlled by a Chapter Council composed of two representatives from each of the eleven Clubs.

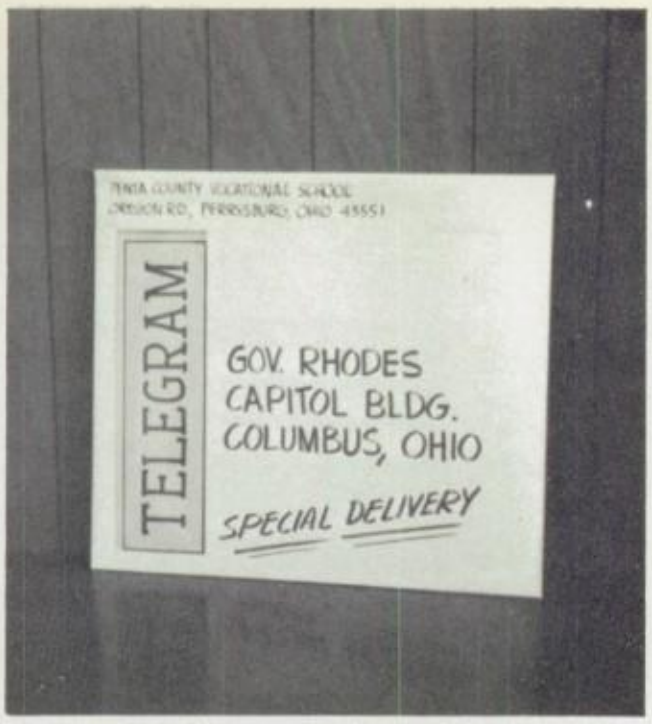
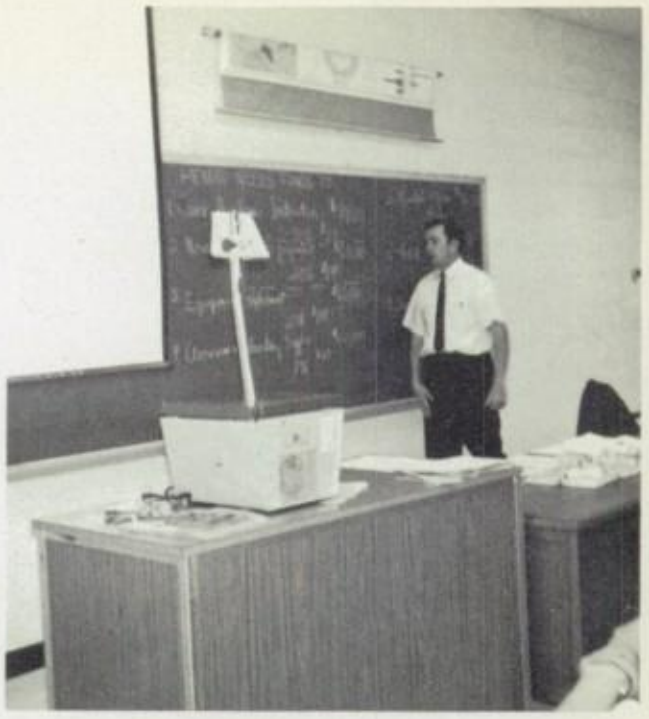
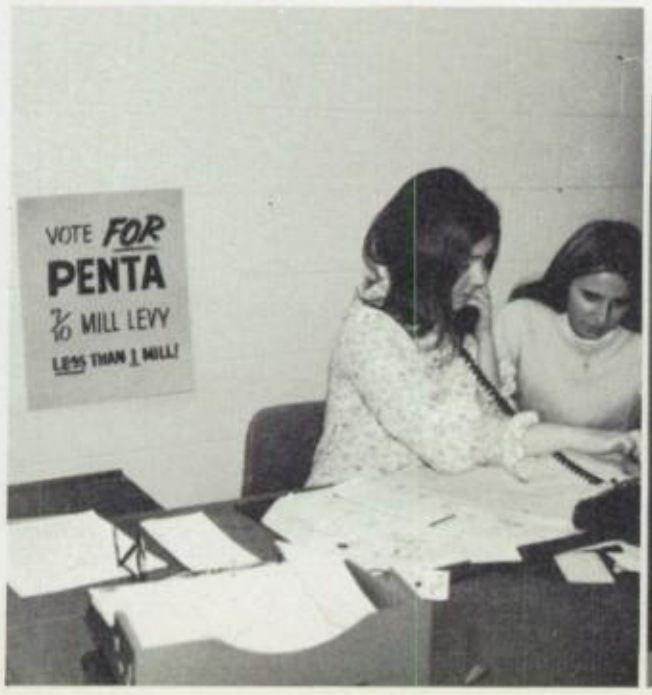
The Levy



Penta's 0.7-mill Levy was one of the high points of this school year. We were all involved with it one way or another. A thousand students signed the telegram to Governor Rhodes expressing our appreciation for his support of our levy. All Social Study Classes heard Mr. Montague's presentation on the subject. Some students helped conduct a telephone survey on the levy during their study hall periods. Bulletin boards in our academic classrooms kept the levy always in mind.





WHAT IS A MILL?
A MILL IS 1/10 OF A CENT!
WHO PAYS THE MILL FOR SCHOOLS ?
PROPERTY OWNERS
$1,000 OF TAX EVALUATION
FOR 7/10
WHAT MILL DOES PENTA-COUNTY VOCATIONAL NEED ?
ONLY 7/10 OF A MILL

In Memoriam

MR. GENE SMITH

Mr. Smith came to Penta County the first year of school. He had valuable trade experience, having been employed by two architectural firms and the Burndy Corporation. This background provided him with a rich experience in terms of instructing in drafting. He was able to make his instruction very relevant and was held in high regard by his students and fellow teachers. Gene was always willing to share in other assignments such as VICA Advisor, and Yearbook Advisor. It was at his instigation and leadership that the Artisan was initiated. To Mrs. Smith and her four children, the staff of the Artisan wishes to express appreciation for the contribution that Gene made to Penta in the way of his loyalty to the school and in the manner in which he inspired those students with whom he came in contact.

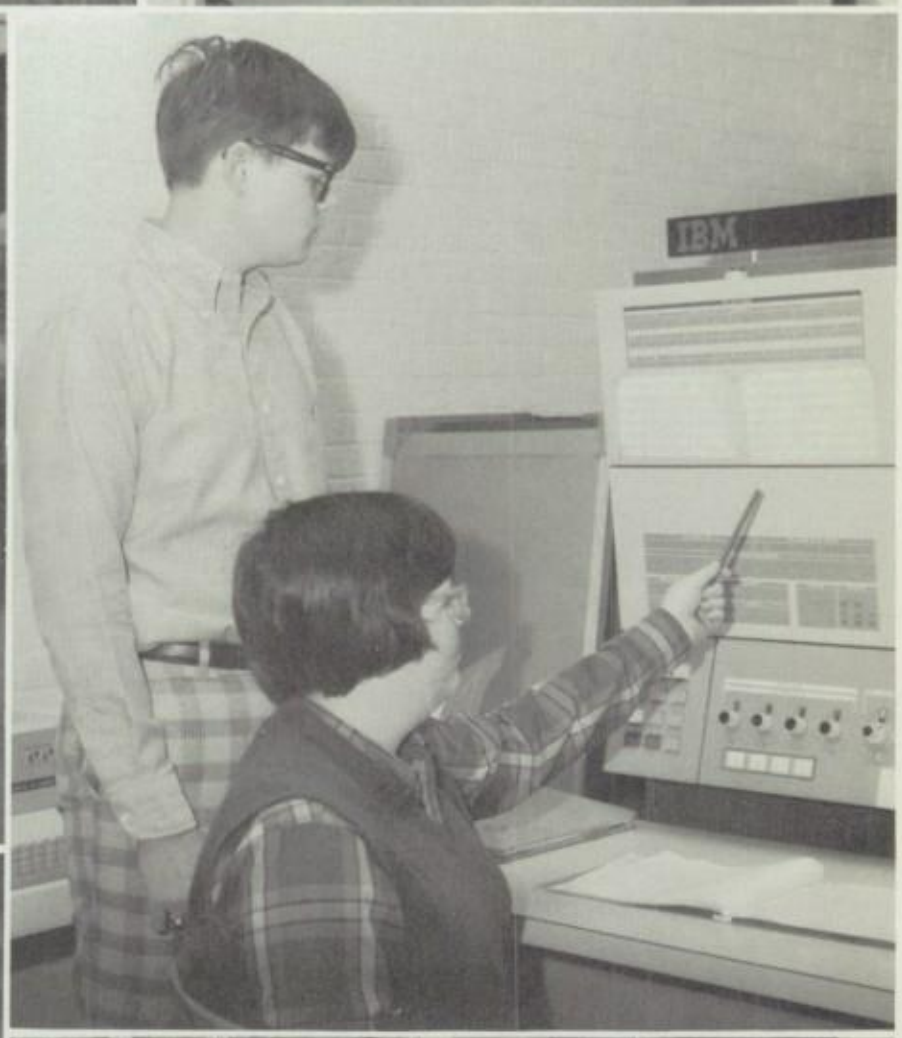
The staff of the Artisan wishes to express their sympathy to the families of these two fine students at Penta who lost their lives in automobile accidents during the 1969 school year.



Best of Luck to the 1970 Graduates!
